HOW TO MEASURE

Lay a tee you already love flat and compare — that beats guessing from body size.

- A Chest**
Pit to pit, straight across, 1 in below the armhole. Double it for the round measure.
- B Length**
From the high point of the shoulder (HSP) straight down to the front hem.
- C Shoulder**
Across the back, seam to seam — on a drop-shoulder this sits out on the arm.
- D Sleeve**
From the shoulder seam to the sleeve opening.
